6 thin slices turkey

6 thin slices salami

Handful potato chips

### Classic Pesto

¼ cup oil

¼ cup pine nuts

1 garlic clove

1-3 tablespoon water  
(if necessary)2 cups fresh basil,  
loosely packed1 teaspoon kosher  
salt or sea saltJuice of  
one lemon

## Tips

### Herb Switch!

If basil is not your cup of tea, or in this case your bowl of pesto, swap it out for parsley or the herb of your choice! It won't be traditional, but it will be delicious.

### Preserve your Pesto!

If stored in an airtight container, pesto will last in your refrigerator for up to five days. Preserve it even longer by pouring it into ice cube trays and freezing them. You'll now have portion-sized pesto that you can pop out of your trays at your convenience!

## Fun Fact
